 8:30                  Breakfast & Sharing  
 11:00                 Departure

### **Please Note:**

Guests have full control over participation in scheduled activities. You may enjoy all the activities or as few or many as you wish. Enjoying the peace and tranquility of the B & B and the surrounding area is always an activity option here on Winslow Hill.

**Suggested Equipment:**

Comfortable, previously broken-in shoes

Binoculars

Sunglasses

Camera

Sunscreen

Bug repellent

Small personal sized cooler for water, soda, lunch, etc. during rides

Flashlight and/or spotting light

Trail snacks – trail mix, protein bars, granola bars, nuts, hard candy, etc.

Comfortable natural fiber lightweight clothes that can be layered to suit the weather

Bird or animal identification book

The preceding items are only suggestions to assist you in preparing for a weekend of fun and enjoyment

We would also suggest that immediately prior to this tour you have your vehicle and its tires (including the spare) checked and/or serviced. Some of the roads may be rough and bumpy and since this is the middle of summer, the vehicle needs to be in tip top shape.

Should you have any further questions or concerns please contact Betty by e-mail or phone.
